ANNEX I – UNIVERSITY APPLICATION RULES AND SELECTION CRITERIA FOR APPLICANTS

University of Turin Statute (D.R. No. 1730 of March 15, 2012) proclaims that Schools manage international Mobility related services. So, for academic year 2021/2022, Erasmus Mobility will be managed by Schools directly or Departments will manage Erasmus Mobility internally if they do not belong to a School. This Annex details each School or Department’s specific indications concerning submitting applications, selection criteria for candidates and any other specific characteristics.

The “Uffici Servizi per l’Internazionalizzazione di Polo” support students interested in applying for the Erasmus Call for Studies academic year 2021/2022 regarding each School and/or Department’s specifications.

Candidates can find contact information for the relevant Polo Internationalisation Services Office by consulting the Tabella afferenze Dipartimenti, Scuole, Delegati per la mobilità internazionale at: www.unito.it - Internazionalità - Studiare e lavorare all’estero - Erasmus+ - Erasmus per studio.

SCUOLA DI SCIENZE UMANISTICHE .......................................................................................................26
SCUOLA UNIVERSITARIA INTERDIPARTIMENTALE IN SCIENZE STRATEGICHE - SUISS..............27
Please READ THE FOLLOWING CAREFULLY, BEFORE submitting your application.

All students enrolled in undergraduate degree programs, postgraduate degree programs and PhDs from the Dipartimento di Lingue e Letterature Straniere e Culture Moderne can apply.

Students interested in applying must attend the Orientation meeting organised by the Department and are advised against applying before this meeting.

Students must apply for scholarships corresponding to the level of study they are enrolled in. So, undergraduate program and first level continuing education program (I level specializing master – master di primo livello) students can ONLY apply for UG level, postgraduate degree program and second level continuing education program (II level specializing master – master di II livello) students can ONLY apply for PG level, etc., otherwise their applications will be deemed invalid. The only exception is 3rd year undergraduate degree program students who intend enrolling in postgraduate degree program at the University of Turin in academic year 2021-22 as they can apply for PG level.

Postgraduate degree program candidates must attach their undergraduate degree certificate (or self-certification) to their application proving the exams and marks obtained, otherwise their applications will be deemed invalid.

Students can indicate up to two destinations on which to be evaluated. Other destinations chosen will not be considered. Candidates are advised to consult the “NOTE” field at this link for specific indications before applying (https://www.unito.it/internazionalita/studiare-e-lavorare-allestero/erasmus/erasmus-studio/bando-erasmus-studio) as certain locations only offer limited places. These limitations are reserved for specific degree courses, double degrees, specific requirements for exams taken, etc. Students should also consult the Department’s Erasmus blog for useful information on the Erasmus programme BEFORE submitting their application: http://erasmuslingue.blogspot.com/p/learningagreement.html

"Extra points" will be assigned as follows:
- up to 15 points for language skills needed for the Mobility application, made up of average exams marks for the destination language and language certificates which are consistent and compatible with the language level at the Mobility destination.
- first year undergraduate degree program candidates can receive up to 15 points for language certificates which are consistent and compatible with the language level at the Mobility destination.
- up to 15 points for consistency between languages studied at the home university and language used in class at Mobility location and study project described on application.
- The project must clearly indicate the student’s study objectives (e.g. courses the student intends to follow at host University, which exams students want recognising for their profile, etc.)
- up to a further 20 points, but ONLY for first-year undergraduate degree program students (if up to date with their exams) whose exam marks cannot be calculated in the eligible candidate list "base score" and positive evaluation of any elements of particular importance in the candidate’s CV.

"Extra points" are assigned based on what the candidate writes in the “NOTE” field of their application. They should describe their study project and demonstrate its consistency with their UniTo curriculum. It is therefore in the candidate’s interest to compile this field to the best of their ability (with different points for each destination). It would be particularly useful to indicate:
- reasons for each Mobility requested, based on objective academic aspects (courses to do abroad, etc.);
- consistency between exams the student intends to take abroad and courses that the foreign Department/faculty offers. Consequently, candidates will have to consult the foreign university website for the courses BEFORE submitting their application. Candidates are not allowed at this stage to contact foreign universities.

Students will be considered eligible for Mobility if they have obtained an overall score of at least 25 points out of 100.

Vacant places will be reassigned within the language or disciplinary area which the candidates have applied for.

DIPARTIMENTO DI PSICOLOGIA / STUDENTI ISCRITTI AI CORSI DI STUDIO IN SCIENZE MOTORIE (DI I E II LIVELLO)

1. How to apply

- Areas of discipline (ISCED)

All students of the Dipartimento di Psicologia can apply for all department destinations identified by area of discipline ISCED 0313 – Psychology.
Psicologia criminologica e forense students can also apply for all department destinations identified by area of discipline ISCED 042 – Law.
SUISM students can apply for all destinations of the Dipartimento di Psicologia identified by disciplinary area ISCED 1014 – Sport.

- **UG/PG/D levels**

Candidates must check the available locations and that the destination of interest includes vacancies at the level corresponding to their degree course.

<table>

</table>

**Please note** 3rd year undergraduate degree programs students planning to graduate before leaving and therefore doing Mobility in their first year of a postgraduate degree program apply for the **PG level**. It is **NOT** possible to graduate during Mobility.

Students wishing to apply for Mobility in their **first year of a closed-number postgraduate degree program**, can only leave once they have enrolled, so only in the **second semester**.

Students are advised to choose destinations offering a number of months suitable to their needs (5/6 months Mobility).

**Reserved destinations**

2. **Extra points**

The Department Evaluation Committee can add extra points by applying the following criteria *(max. 30 points)*:

- **10 points for motivation and academic objectives** (as in the "Dichiarazioni aggiuntive" section of the application):
  - 3 points for motivation (studies);
  - 3 points for motivation (experience) if relevant and consistent with degree program;
  - 3 points for motivation (language ie learning, improving local and target language);
  - 1 point for particularly deserving reasons.

- **10 points for language skills** (the language declared in the application will be taken into account) and stays abroad, excluding family holidays. Candidates must produce language level certificates they might have:
  - Knowledge and any language level certificates related to the host country’s language;
  - Knowledge and any language level certificates related to the target language (English);
  - Any other languages. Applicants must check the host location’s language requirements before applying and be in possession of those requirements (language certificates required by the partner) and in accordance with host location deadlines.

**Mother tongue** English, French, Spanish or German students can self-certify their language skills in the “NOTE” field of their application. However, students should also check that self-certifying language skills is sufficient for their chosen destination. Should the host institution require a language certificate, applicants and mother tongue speakers might also be required to obtain a certificate from the host location.

Students should therefore consult the partner University website and/or ask for clarification from the Mobility office dealing with the agreement.

- **10 points for professional experience** in Italy or abroad and any other experiences in associations, sports and culture. Candidates must indicate:
N.B. First year undergraduate degree programs students will be awarded up to 100 points as follows:

- 10 points for High School Diploma grade as follows:
  - 5 points for leaving certificate grade of less than 70/100 (or less than 42/60)
  - 10 points for leaving certificate grade equal to or above 70/100 (equal to or above 42/60).

- 30 points for motivation and academic objectives (as in the “Dichiarazioni Aggiuntive" section of the application).

- 30 points for language skills (the language declared in the application will be taken into account) and stays abroad, excluding family holidays.

- 30 points for professional experience in Italy or abroad and any other experiences in associations, sports and culture.

3. Re-assigning destinations

When candidates are in the first Mobility eligible candidates list, but not winners, any available places will be reassigned based on what is left, areas and language requirements and students’ destination choices.
• Fourth and fifth year students of the 5 year postgraduate degree program of Farmacia and of Chimica e Tecnologia Farmaceutiche can apply as UG or PG, if they are interested in Mobility for courses and exams;

• PhD students and students of the Scuola di Specializzazione in Farmacia Ospedaliera will have to apply as D.

Candidates must indicate the following in their applications:

1.a Motivation;
1.b Certificates must be attached to the application and cannot be older than 3 years
1.c Any previous Erasmus experiences;
1.d Possible participation in University organisation as student representatives.

Candidates should use the “NOTE” box to clearly outline their intention of using their scholarship for an experimental thesis, internship and/or attending courses.

Students should be aware that all three opportunities (thesis, internship, courses) are not necessarily all available in all locations. So, students should check the “NOTE” box of each destination to see the opportunities before filling in their application. If the “NOTE” indicate priority for experimental thesis, students who apply with this motivation will have priority. Please note that students must have an adequate knowledge of the host country’s language and/or English if they want to do a hospital internship. Students should give a second and third choice of destination in their application. Students should contact the Responsabile didattico per la mobilità internazionale del proprio CdS before applying so as to have useful information on available destinations and opportunities.

2. Extra points

A max of 30 points will be awarded as per:

• Up to 15 points for motivation and personal degree course consistency with Mobility programme. Students are reminded that the extra points available for their motivation for thesis will only be assigned to those who have made agreements with their thesis teacher/supervisor. This person will introduce students to thesis labs once they have checked the relevance of the candidate’s academic path with the lab’s research activities. This teacher/supervisor’s consent must be demonstrated by attaching an e-mail from him/her to the application.

• If the teacher/supervisor does not give their consent, the student cannot carry out their thesis activities in the labs mentioned above. In this case, the student is not excluded from Erasmus Mobility for studies, but they will have to find a suitable laboratory where they can carry out their thesis research independently;

• These skills must be certified and the certificate must not be dated more than 3 years before applying;
- Up to 4 points for previous Erasmus experiences;

- 1 point for being Student Union representative.

Calculating extra points for first year CTF and Formacia undergraduate degree programs students will be based on 100 points and assigned as follows:

- up to 90 points in proportion to the Entrance Test result;
- up to 10 points for language skills (host country language and/or English). These skills must be certified and the certificate must not be dated more than 3 years before applying;

Calculating extra points for first year Tecniche erboristiche undergraduate degree program students will be based on 100 points and assigned as follows:

- up to 90 points in proportion to the School Leaving Certificate;
- up to 10 points for language skills (host country language and/or English). These skills must be certified and the certificate must not be dated more than 3 years before applying;

D level positions will be assigned to PhD and Specialization Courses (Corsi di Specializzazione) students according to the relevance of their study path to the chosen destination’s programmes.

3. Reassigning and clearing

Reassignments will be done by single eligible list.

SCUOLA DI AGRARIA E MEDICINA VETERINARIA – SAMEV

All students (including PhDs) of the Scuola di Agraria e Medicina Veterinaria – SAMEV can apply for the Erasmus Mobility for studies. Candidates can apply for alternative destinations which don’t necessarily belong to the same language area.

The SAMEV Evaluation Committee assigns up to 100 extra points for first year undergraduate degree program students or 5 year postgraduate degree program students; 30 points will also be available for other students based on their certified language skills or declared in their applications. Motivation for a Mobility scholarship is also assessed based on the logic and completeness of the information provided. Candidates should attach any language certificates relevant to their chosen destinations, provided they were issued no more than three years before application.

Any reassignments and clearing will be handled automatically via a single eligible candidates list.
Erasmus scholarship winners must complete the Learning Agreement with the International Mobility Commission and Erasmus Coordinator and/or host University teachers. They also need to evaluate how compatible their own programmes are with those abroad in order for them to be eligible for recognition.

Scholarship winners should therefore consult the destination University website to check language requirements for the programme they want to enrol in and how compatible their own programmes are with those abroad.

Department of Veterinary Sciences (DSV) Erasmus scholarship winners intending to do their internship abroad and adhering to Learning Agreement rules, can do:

- **CLS Medicina Veterinaria students** - V.O.: practical activities only if in Groups I and II clinical internship and Group II non-clinical internship (zoo-technical disciplines; no inspection);

- **CLM Medicina Veterinaria students** - N.O. (enrolled before 2016): practical activities in clinical fields during the entire internship (14 - 350 hours) and internship 16 credits (zoo-technical disciplines; infectious and parasitic diseases; pathological anatomy);

- **CLM Medicina Veterinaria students** - N.O. (enrolled since 2016): practical activities in clinical fields during internships (14 credits and 16 credits), respecting the portfolio skills and preparatory skills. Students can also carry out practical activities in the field of animal husbandry and cadaver diagnostics, provided they respect the portfolio skills and preparatory skills.

However, all traineeship documents must be finalised before Mobility starts.

**SCUOLA DI MANAGEMENT ED ECONOMIA - SME**

SME students can apply for any destination regardless of the Department they belong to except destinations which are reserved for students on other programmes.

UG students must attach a self-certification showing exams and weighted average to their application. This document is available on their MYUnito page and their application is only valid if it shows they had registered the following, by 31/10/2020:

- *Matematica per l’Economia* and *Microeconomia* exam for 2nd or 3rd year for the students of the Dipartimento di Esomas;
- at least 10 credits, for students of the Dipartimento di Management.

First year UG students’ applications are only valid if they can show they had registered the following, by 28/02/2021:
• at least 12 credits for students of the Dipartimento di Esomas;
• at least 10 credits for students of the Dipartimento di Management.

Candidates must check that their chosen destination offers programmes at their level (UG or PG). Students can apply for up to 3 destinations, even in different language areas. Those only interested in one destination can express this preference but, should this destination not be available, the student will still be admitted to re-draws.

Applications will not be accepted for destinations where students don’t meet specific pre-requisites ie double Degree courses, not being enrolled on Degree courses which have reserved destinations, etc.

N.B.: Students interested in Mobility in order to have a double Degree (Lyon, Nice, Rennes, Minho) must also apply to the Erasmus Call which includes an interview in the local language in order to judge their eligibility for the double Degree course. Candidates interested in a double Degree path can also express up to a maximum of 3 preferences although the application is assessed on the choice of the double title: students must not indicate the double title as a second or third preference as they will not be considered. If a candidate is not considered eligible for the double Degree course during their interview, they can compete for other destinations they put in their application by being admitted to the re-draws.

For applications to be valid, candidates must prove they meet the language requirements below or, where language level requirements published by active destinations are higher, they must prove their level with:

1. possession of B1.2 level of English for destinations ie “Per candidatura Erasmus per Studio allegare certificato di: INGLESE”;
2. possession of A2 level of Spanish for destinations ie “Per candidatura Erasmus per Studio allegare certificato di: SPAGNOLO”;
3. possession of A2 level of German for destinations ie “Per candidatura Erasmus per Studio allegare certificato di: TEDESCO”;
4. possession of A2 level of Portuguese for destinations ie “Per candidatura Erasmus per Studio allegare certificato di: PORTOGHESE”;
5. possession of A2 level of French for destinations ie “Per candidatura Erasmus per Studio allegare certificato di: FRANCESE”;

N.B.: SME students studying courses in English ie Business Administration, Business and Management, Economics, Quantitative Finance and Insurance, are exempted from providing a certificate proving their English language skills.
Students who have passed one of the following English language exams are also exempt, but they must download their self-certification from MyUnito and include it with their application: Course code MAN0084, Course code SEM0007, Course code AA0209, Course code SEM0070.
Students who have passed the Spanish, German or French language exam as part of their course are exempt from having to certify language skills, but they must download their self-certification from MyUnito and include it with their application.

**Students must prove their required language level** by presenting the language certificate (valid international certificate, SAC Certificate, CLA Certificate) **during their application**, attaching the documentation online.

All 1st year postgraduate degree program candidates must also attach the undergraduate degree certificate and relative mark.

Only candidates who cannot self-certify their language skills as above (attaching proof of the valid language exam /international certificate/SAC Certificate/CLA Certificate), can do a language test (English, French, German, Spanish) supported by the School, but only aimed at certifying language skills required in this call (B1.2 for English, A2 for all other languages). Tests will take place before the call deadline and details will be published on the Scuola di Management ed Economia website.

If a student is selected for a destination and the Partner University requires an international language certificate (e.g. IELTS, TOEFL, DELF, DALF, DELE, Goethe- Zertifikat, etc.) or a language level higher than above, the scholarship holder must obtain the certificate in compliance with the foreign university’s deadlines or certify possession of the language level required by taking the assessment test "Passaporto per l’Europa", at CLA and which is only available to Erasmus Mobility for studies scholarship holders. More information will be available at www.cla.unito.it.

The Evaluation Committee can award extra 0 to 30 points to:
- students with valid applications to the Call with a weighted average of less than 26/30 (without rounding up) as of 31/10/2020, will be assigned an extra point of 0;
- students with a weighted average of 26/30 to 27/30 (without rounding up) will be awarded 10 points; students with an average of more than 27/30 and up to 28/30 (without rounding up) will be awarded 20 points;
- students with an average of more than 28/30 (without rounding up) will be awarded 30 points.

The Commission will award first year postgraduate degree program candidates 30 points for degree marks above 89/110, 0 points for marks below or equal to 89/110.

Eligible (but not winner) students on the first eligible candidates list will be allocated the remaining vacant places. Reassignments will be decided according to a single eligible candidates list, based on students’ overall grades, remaining destinations available for language areas indicated in students’ applications and where candidates are eligible. Central offices will automatically match students to available destinations should the winner refuse their offer.

Requests for information:
- Corso Unione Sovietica campus students should contact the “Ufficio Servizi Internazionalizzazione” of the Polo SME at: international.sme@unito.it
Via Ventimiglia campus students should contact: exchange.saa@unito.it

All information related to the Call and selections will be published on the School and individual Degree course websites. The “Ufficio Servizi Internazionalizzazione” of the Polo SME will not contact candidates by e-mail.

SCUOLA DI MEDICINA

- Reassignments: single eligible candidate list (highest score):

  **Limitations and/or specific indications for individual Degree courses:** First or sixth year students enrolled on any 6 year postgraduate degree program of the School of Medicine and those enrolled in the last year of any Degree Course at the time of application are not eligible and so will automatically be excluded from the eligible candidate list. Students repeating a year or late with their exams at the time of application (for any Study Programme) are also not eligible.

  **Limitations and/or specific indications for individual Degree courses: reserved destinations:** Students will have to apply for destinations that their Degree Programme has agreements with, and by checking active Mobility 2021/2022. For example:

  - **Medicina e Chirurgia 6 year postgraduate degree program - Polo Medicina Torino:** UG scholarships with support from the Dipartimento di Scienze della Sanità Pubblica e Pediatriche (DSSPP); Students should check the "Area (ISCED)" and subsequent “NOTE” field for the specific Degree course and years of course the individual agreements have been active (please note that DSSPP destinations are NOT intended for Social Work students);

  - **Medicina e Chirurgia and Medicine and Surgery 6 year postgraduate degree programs - Polo Medicina Orbassano e Candelo:** scholarships with support from the Dipartimento di Scienze Cliniche e Biologiche; Students should check under "Area (ISCED)" and “NOTE” for the specific Degree course that have individual agreements;

  - **Odontoiatria e Protesi Dentaria 6 year postgraduate degree program:** scholarships with support from the Dipartimento di Scienze Chirurgiche; Students should check under "Area (ISCED)" and “NOTE” for the specific Degree courses that have individual agreements;

  - **Infermieristica undergraduate degree program and Scienze Infermieristiche ed Ostetriche postgraduate degree program – Polo Medicina Torino:** scholarships with support from the
Dipartimento di Scienze della Sanità Pubblica e Pediatriche (DSSPP); Students should check under "Area (ISCED)" and “NOTE” for the specific Degree courses that have individual agreements;

- **Infermieristica** undergraduate degree program - Polo Medicina Orbassano e Candiolo: scholarships with support from the Dipartimento di Scienze Cliniche e Biologiche; Students should check under "Area (ISCED)" and “NOTE” for the specific Degree courses that have individual agreements;

- **Undergraduate Degree Programs of Logopedia, Fisioterapia, Igiene dentale**: scholarships with support from the Dipartimento di Scienze Chirurgiche; Students should check under "Area (ISCED)" and “NOTE” for the specific Degree courses that have individual agreements;

- **Biotecnologie** undergraduate degree program and Molecular Biotechnology postgraduate degree program: scholarships with support from the Dipartimento di Biotecnologie Molecolari e Scienze per la Salute; Students should check under "Area (ISCED)" and “NOTE” for the themed areas and specific Degree courses that have individual agreements. Please note that destinations of the Dip. di Biotecnologie Molecolari e Scienze per la Salute are NOT intended for Biotecnologie mediche students, as this program is part of the Dipartimento di Scienze Mediche.

Students who apply for destinations other than those reserved for their own Degree programme will automatically be excluded from the eligible candidate lists.

**Extra points (maximum 30 points overall):**

- **Extra points based on enrolment year** (maximum 6 points) only for 6 year postgraduate degree programs: a bonus score will be assigned according to the year the student is enrolled in at the time of application, ie:
  - 2 points if enrolled in 3rd year;
  - 4 points if enrolled in 4th year (except 4th year students of the postgraduate degree program in Medicine and Surgery who are awarded 6 points);
  - 6 points if enrolled in 5th year.

- **Language skills** (maximum 24 points): only language skills will be awarded a mark when official language level certificates are attached to the student’s application (according to the Common European Framework of Reference for Languages - CEFR).

  A mark up to a maximum of 24 points will be assigned to each destination the student chooses, according to the following criteria:
o No points if the candidate does not present a certificate or a certificate is not consistent with the language used in the chosen destinations or a certificate which does not clearly show the candidate’s level;
o Five points for the candidate’s language certificates, when indicated in the agreement with the host location, but different from that used in the courses. An example could be an English language certificate for a Spanish or Portuguese destination, but the agreement with the destination also includes English, even though Spanish and Portuguese are used in class;
o Ten points for language certificates consistent with the language used in the courses, but certify a lower level than host location requirements;
o 24 points for certificates consistent with the language used in the chosen destination’s courses and with skills level indicated, where specified in the agreement.

Students are considered B2 when they have:
- enrolled in a Degree programme taught in English;
- obtained a high school leaving certificate in the language they studied in. This is valid for all languages.

**Candidates will be assigned points for each destination, based on the language certificate most consistent with the language used in the courses.**

Scholarship winners might randomly be required to submit their language certificate originals 10 days before the deadline for accepting an offer. This is the original of the document they presented with their application. Failure to provide this document will result in automatic exclusion from the eligible candidate list.

**For applications to be valid, candidates must only** write the following on the "Dichiarazioni Aggiuntive" field of their application:
- any previous Erasmus experiences, specifying the type (Study or Traineeship, for example), year, duration and location.

Students should leave the field “Dichiarazioni Aggiuntive“ blank if they do not have any previous Erasmus experiences to declare.

Criminal responsibilities relating to false declarations as per Art. 76 D.P.R. n.445/2000 apply. Students should also remember that previous Erasmus Mobility experiences can be independently verified.

Priority in this Call will be given to students who have never received an Erasmus Mobility scholarship for study, so those who have already done Erasmus Mobility for studies in person or online will not be
considered for the first eligible list of candidates. An exception is Erasmus+ Call for Studies 2020/2021 scholarship winners who have not carried out Mobility. Students who have already enjoyed their Mobility, including online, can participate in the reassignment phase when some destinations are still available. This will be based on the grade they obtained for academic merit and extra points specified above.

- Before leaving, students must confirm the Learning Agreement with their “Responsabile didattico per la mobilità internazionale del CdS” in order to check:
  - compatibility between the programmes abroad and the student’s Degree programme at the University of Turin which have to be eligible for recognition;
  - compatibility of credit value (+/-20%) to acquire during the course abroad with those acquired during the University of Turin Degree programme and which must be eligible for recognition, in compliance with the Guidelines for recognising training abroad.

- According to current international exchanges, students going abroad can take exams and do internships necessary for their Degree programme, provided they relate to the academic year of the course they are enrolled in abroad or the following year. This is subject to the Learning Agreement and in compliance with any preparatory courses of the cohort they belong to. Under no circumstances will exams be considered valid if they are related to courses in Italy in previous years.

- If a course in Italy is divided over two years (eligibility + exam) but is offered by the host University in just one year, the “Responsabile didattico per la mobilità internazionale del CdS” is in charge of deciding whether or not to accept it on the basis of credits and programme and the Learning Agreement.

- Degree programme internships scheduled for the student’s year abroad and not done abroad must be completed according to methods defined with the “Responsabile didattico per la mobilità internazionale del CdS” and in agreement with the relevant university offices.

- Students are responsible for checking what host universities’ language requirements are by consulting the respective sites and Unito portal in the active Mobility section.

- Scholarship winners who do not have language certificates required by the host location at the time of applying are still required to provide them within the time frame indicated.
1. Extra points

1.1 From 2nd year undergraduate degree students and 2nd year students of a 5 year postgraduate degree program onwards, postgraduate degree and PhD students

Maximum 30 points including:

1.1.1. Language skills
to be put in the "Dichiarazioni Aggiuntive" field of the application and compiled by the candidate, as in point 2 below.

Maximum 15 points (15/30) - determined as such:

<table>
<thead>
<tr>
<th>Language skills</th>
<th>Max. points</th>
</tr>
</thead>
<tbody>
<tr>
<td>No language skills declared</td>
<td>0</td>
</tr>
<tr>
<td>Skills <strong>only declared</strong>, but inconsistent with destination / level required by host location</td>
<td>0</td>
</tr>
<tr>
<td>Skills <strong>only declared</strong>, and consistent with destination / level required by host location</td>
<td>3</td>
</tr>
<tr>
<td>Commitment to pass certification <strong>consistent</strong> with required level – before leaving (or not accepted by host location)</td>
<td>3</td>
</tr>
<tr>
<td>Uploaded certificate inconsistent with destination / level required by host location</td>
<td>4</td>
</tr>
<tr>
<td>Uploaded certificate <strong>consistent</strong> with destination / level required by host location</td>
<td>15</td>
</tr>
</tbody>
</table>

Scholarship winners are reminded that if they are not in possession of language certificate required by the host destination at the time of application, they will be required to pass the language exam within the host destination deadlines or at least before leaving, otherwise they cannot leave for that location.

1.1.2. Motivation
The candidate should put the following in the "Dichiarazioni Aggiuntive" field of the application - as in point 2 below.
Maximum 15 points (15/30) – determined as such:

<table>
<thead>
<tr>
<th>Motivation</th>
<th>Department candidates</th>
<th>Non-Department candidates</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Max. points</td>
<td>Max. points</td>
</tr>
<tr>

<td>0</td>
</tr>
<tr>
<td>Total of max. points</td>
<td>15</td>
<td>10</td>
</tr>
</tbody>
</table>

1.2. For 1st year undergraduate degree programs students or 6 year postgraduate degree programs students

Maximum 100 points - determined as such:

1.2.1. High school leaving certificate/Diploma: maximum 30/100 points

1.2.2. Language skills maximum 30/100 points – determined as such:

<table>
<thead>
<tr>
<th>Language skills</th>
<th>Max. points</th>
</tr>
</thead>
<tbody>
<tr>
<td>No language skills declared</td>
<td>0</td>
</tr>
<tr>
<td>Skills only declared, but inconsistent with destination / level required by host location</td>
<td>0</td>
</tr>
<tr>
<td>Skills only declared and consistent with destination / level required by host location</td>
<td>6</td>
</tr>
<tr>
<td>Commitment to pass certification consistent with required level – before leaving (or risks not being accepted by host location)</td>
<td>6</td>
</tr>
<tr>
<td>Uploaded certificate inconsistent with destination / level required by host location</td>
<td>8</td>
</tr>
<tr>
<td>Uploaded certificate consistent with destination and/or level required by host location</td>
<td>30</td>
</tr>
</tbody>
</table>
1.2.3. **Motivation**: maximum 40/100 points - determined as such:

<table>
<thead>
<tr>
<th>Motivation</th>
<th>Department candidates</th>
<th>Non-Department candidates</th>
</tr>
</thead>
<tbody>
<tr>
<td>Complete, logical and detailed motivation</td>
<td>12</td>
<td>13</td>
</tr>
<tr>
<td>Exchange objectives and academic activities</td>
<td>12</td>
<td>12</td>
</tr>
<tr>
<td>Consistency with university programme</td>
<td>16</td>
<td>0</td>
</tr>
<tr>
<td><strong>Total of max. points</strong></td>
<td><strong>40</strong></td>
<td><strong>25</strong></td>
</tr>
</tbody>
</table>

2. **"Dichiarazioni Aggiuntive" field in application**
Candidates must specify the following in the "Dichiarazioni Aggiuntive" field of the application:

2.1. **Motivation**
Students should give an accurate description of their motivation, ie:
- Contents must be detailed, complete and logical;
- **Objectives set and academic activities** that they intend to do abroad (e.g. courses, exams, research by thesis) must be outlined;
- Naming at least two **courses** offered by the student’s first choice of foreign university and their corresponding UniTo courses which students will request recognition for on return from Mobility;
- It is worth highlighting the **compatibility** of the foreign course programmes with the UniTo course programme which the student will need to be recognised;
- Students should also highlight the **consistency** between these academic activities and their own university programme. In fact, **priority** will be given to students who choose destinations which their own Department recommends.
Students are therefore advised to consult the destination university’s website and **programmes**.

2.2. **Language skills** The target language and/or host country language, with particular focus on the partner university language requirements.

These skills must be documented ie:
- Students hold international **certificates**: indicating the type, grade obtained, and date issued and attaching a copy to the application;
- Study/work/stay abroad: indicate dates, periods, reasons;
- Number of **years** student has **studied** the language/exams taken, etc. (indicate dates, periods...).

**Mother tongue** English, French, Spanish or German students can self-certify their language skills in the “NOTE” field in their applications. However, students should check that language self-certification is accepted by their chosen destination. **Should the host institution require a language certificate, applicants might also be required to obtain a certificate from the host location. Students should therefore check the chosen destination’s agreement within [Destinazioni attive per l'a.a. 2021-2022](

**Criminal responsibilities** apply relating to **false declarations** (see Criminal Code and special laws on the subject, as per Art. 76 D.P.R. No. 445/2000) and students should be aware that the Selection Commission might **check** any self-certifications at any time.

3. **“Allegati” field in the application**

Students should attach a copy of their language certificates in the “Attachments” field.

4. **Reserved destinations**

Students should check “NOTE” field in [Destinazioni attive per l'a.a. 2021-2022](

5. **Special cases**

The following **restrictions** apply for these agreements:

<table>
<thead>
<tr>
<th>Destination</th>
<th>Department</th>
<th>Referente UniTO</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>E VALENCIO2</td>
<td>Chimica</td>
<td>Prof.ssa Bianco Prevot</td>
<td>Check that courses of interest for UG level last three months (for clarification contact Profs Paganini and Bianco Prevot)</td>
</tr>
<tr>
<td>F MONTPEL54</td>
<td>Chimica</td>
<td>Prof.ssa Bordiga</td>
<td>PG level positions reserved as a priority for thesis research</td>
</tr>
<tr>
<td>F RENNES01</td>
<td>Fisica</td>
<td>Prof. Pesando</td>
<td>Destinations not reserved, but priority to those enrolled on <a href="http://master.math.univ-paris-diderot.fr/en/annee/m2-lmfi/">MaMaself programme</a></td>
</tr>
<tr>
<td>D MUNCHEN01</td>
<td>Matematica “G. Peano”</td>
<td>Prof. Albano</td>
<td>Students can only attend a specific postgraduate degree program: <a href="http://master.math.univ-paris-diderot.fr/en/annee/m2-lmfi/">http://master.math.univ-paris-diderot.fr/en/annee/m2-lmfi/</a></td>
</tr>
</tbody>
</table>
6. Reassigning choices – Second eligible candidates list
Students who are eligible, but not Mobility winners, will be put onto an eligible candidates list for those remaining destinations based on language areas and requirements, taking the student’s first choice into account.

7. Reasons for exclusion
It is the candidate’s responsibility to check at the link Destinazioni attive per l'a.a. 2021-2022 for the following:
- any restrictions in the “NOTE” field (e.g. additional destinations reserved for certain study programmes – mobility for double degrees, etc.);
- that the destination chosen includes places for the level corresponding to the student’s Degree programme (UG: Undergraduate Degree Programmes; PG: Postgraduate degree programmes; D: Doctorate);
- that the scientific-disciplinary area abroad (ISCED code) is compatible with the student’s own Degree programme;
- they meet the chosen destination’s language requirements.

Students will be considered EXCLUDED from the chosen destination, if they:
- choose a destination reserved for a Degree programme other than their own.

Students who choose a destination can be EXCLUDED, if:
- they don’t satisfy language requirements;
- the ISCED area is not compatible with their studies;
- there are no places at their level (e.g. PG student choosing an UG destination).

Third year undergraduate degree program (UG) students planning to graduate before departure and intend being on the Mobility programme during their postgraduate degree program (PG) will have to choose a PG destination. Scholarship winners can only leave for the PG destination if they have since graduated and enrolled for academic year 2021/2022 in a postgraduate degree program.

8. Extra Department funding
8.1. Dipartimento di Informatica
The Dipartimento di Informatica allocates extra funding of €3,000.00 in scholarships paid to Erasmus+ for Studies students of academic year 2021/2022 enrolled in the Department’s Degree programmes. This funding is only for students enrolled in:
- Laurea in Informatica (classe L-31, Scienze e Tecnologie Informatiche - D.M. 270)
This funding will be allocated following these criteria:

1. this funding is for students with a coefficient of credits exceeded/month equal to or more than 3 credits/month on return from Mobility. This refers to credits registered in UniTo student’s profile on return from Mobility;
2. total funding will be calculated based on the number of days the student actually took part in the Mobility programme, considering a minimum threshold of 100 euros/month (i.e. for 30 days);
3. funding will be paid by the end of the calendar year 2022, so Mobility credits must have been recognised by 31 October 2022;
4. if the Department budget is not sufficient to cover all requests, a candidates eligibility list will be drawn up based on (in order):
   a. weighted average of registered exams for international Mobility;
   b. credits in excess;
   c. annual household income;
   d. age, privileging the youngest candidates.

Students interested in extra funding must firstly have their credits recognised and then apply via the link below at the end of their Erasmus 2021/2022 programme: [http://laurea.educ.di.unito.it/index.php/accreditamento/consultazione/ListaDocumenti?commissione=12](http://laurea.educ.di.unito.it/index.php/accreditamento/consultazione/ListaDocumenti?commissione=12) They can take it to the “Ufficio del Corso di Laurea e Laurea Magistrale” (Room 4-Z), by October 31, 2022 or send it to: commerasmccs@educ.di.unito.it. The Evaluation Committees of the Dipartimento di Informatica will draw up an eligible candidates list for those requesting extra funding.

8.2. Dipartimento di Fisica

The Dipartimento di Fisica allocates €7,000.00 in extra funding for scholarship winners enrolled in the Physics Department’s Degree Programme.

This funding will be awarded to students whose annual household income (ISEE/ISEE parificato) is less than €70,000 in proportion to the number of months spent abroad and the difference between €70,000 and the annual household income and/or benefits. For the purposes of this call, the annual household income and/or benefits (ISEE/ISEE parificato) value corresponds to University student records for academic year 2020/21 based on 2020/21 Fees and Funding Regulations.

Funding will not be awarded if it is under €100 or over the threshold of €150 euros/month.
Students who want to take advantage of the funding must fill in the form which the Departmental Coordinator for International Mobility will send them before 10/10/21. The form including instructions will only be sent to scholarship winners at their university email address. Students can make amendments to their form but must complete the final version of the form by **09/10/2022**, otherwise Department funding will not be paid.

The funding will also not be paid if the student has not passed at least one exam which is closely related to their own Degree programme disciplines.

Funding will be determined and paid only once all students have returned, presumably in **November 2022**.

**8.3. Dipartimento di Scienze della Terra**

The Dipartimento di Scienze della Terra allocates **€3,500** in additional funding to Degree course scholarship winners enrolled in:

- Undergraduate degree program in *Scienze Geologiche* L-34;
- Postgraduate degree program in *Scienze Geologiche Applicate* LM-74;
- Postgraduate degree program in *Monitoraggio Ambientale, Tutela e Ripristino* LM-75;

This funding will be awarded to students whose **annual household income and/or benefits (ISEE/ISEE parificato) is less than €70,000** in proportion to the number of months spent abroad and the difference between €70,000 and the annual household income and/or benefits. For the purposes of this call, the annual household income and/or benefits value (ISEE/ISEE parificato) corresponds to University student records for academic year 2020/21 based on 2020/21 Fees and Funding Regulations.

Funding cannot exceed the threshold of **€150/month**.

If the Department budget is not sufficient to cover all requests, an eligible candidates list will be drawn up based on (in order):

1. **weighted average** of registered exams for international Mobility before 31/10/2022;
2. **credits in excess** and registered before 31/10/2022;
3. **age**, privileging the youngest candidates.

Funding will be determined and paid only once all students have returned, presumably in **November 2022**.

Students interested in extra funding must firstly have their credits recognised and then fill in the request form. They must do this at the end of their Mobility programme and before **30 November 2022**. The form and instructions will be available on the page dedicated to International Mobility of the **Dipartimento di Scienze della Terra**, as well as the Degree programme pages from academic year 2021/22.
SCUOLA DI SCIENZE GIURIDICHE, POLITICHE ED ECONOMICO-SOCIALI - CLE

1. Students can indicate up to **TWO DESTINATIONS** to be evaluated for.

2. Students of the Dipartimento di Giurisprudenza, Dipartimento di Culture Politica e Società (CPS), Dipartimento di Economia e Statistica “Cognetti De Martiis”, Dipartimento Interateneo di Scienze, Progetto e Politiche del Territorio as well as Scienze Strategiche degree programs students can apply for the destination of the Scuola di Scienze Giuridiche, Politiche ed Economico-Sociali.

3. Undergraduate degree programs students must apply for a destination where "UG" (undergraduate) positions are available whereas postgraduate degree programs students must apply for a destination where "PG" positions are available (postgraduate);

4. PhD students must apply for a destination where "D" positions are available. Only 5 year postgraduate degree program law degree students can apply for both UG and PG positions.

5. Third year students who will graduate before the winter session (December) can apply for a PG position, although, if successful, these students will only actually be able to leave for the destination once they have graduated.

6. Departure is subject to the student enrolling on a postgraduate degree program. In fact, the student’s Erasmus status and UniTo insurance are only guaranteed once they have enrolled on the postgraduate degree program.

7. First year 5 year postgraduate degree program Law students cannot apply for Erasmus. The law student who wants to apply for this call must be enrolled in the undergraduate degree, a two-year postgraduate degree or at least in the second year of a 5 year postgraduate degree program. 5 year postgraduate degree program students must have passed at least 4 exams in the first year at the time of the application.

1. International programmes students studying for the double degree must apply in accordance with the procedures in this call. Their destination is also an Erasmus destination.

2. When choosing the destination, students must understand if there are any restrictions in the “NOTE” field (e.g. destinations reserved for double-degree programmes) or in the subject area (ISCED code), which refers to the disciplines scheduled.

3. Code 0923 Social work and counselling is reserved for students enrolled in the undergraduate degree program *Servizio Sociale*.

4. All students should consult the destination university’s website, in order to understand the compatibility of their own courses with those offered abroad.
5. Extra points (30/100) will be made up of 25 points for language skills and five points for motivation and consistency of the student’s academic path with that of the destination.

6. Each Department Evaluation Committee will make reassignments, considering the student’s score, language areas and coherency in disciplines between the student’s own studies and those offered abroad. Students can be summoned to check their interest and availability concerning their chosen destination.

7. The student’s application must indicate how their own degree courses are consistent with Mobility and specific academic motivations (e.g. thesis research, double degree, etc.). The candidate must complete a questionnaire together with their application, declaring, or self-certifying, their language skills and level by using the Common European Framework of Reference for Languages (CEFR): https://www.coe.int/en/web/common-european-framework-reference-languages/table-2-cefr-3.3-common-reference-levels-self-assessment-grid

Students should know partner universities’ language requirements, especially concerning language certificates, as applications will not be considered suitable for that destination if the student doesn’t provide one.

Language skills must be shown via:

10.a) passing university language exams, indicating the year, place student took the exam, grade and number of credits obtained.

10.b) holding international certificates, attaching the certificate and indicating the year, type of diploma, grade obtained (specifying any partial exams).
Here below are recognised language certificates and corresponding European language levels with the names the Commission uses:

<table>

</tbody>
</table>

Students can document their language skills as in points 10.a, 10.b and 10.c by uploading their language certificate, language course attendance, documentation proving stays abroad, language grade or partial university exam). **Students do not need their tutors to declare their language level (*lettorato*)**.
8. The Commission can check any candidate’s self-certification at any time throughout the selection procedure, even in the candidate’s presence. The student might, for example, be invited in for a short interview, in order to effectively check their self-certified language level and motivation. Criminal liabilities concerning false declarations (Criminal Code and special laws on the subject, as per Art. 76 D.P.R. n. 445/2000) also apply.

SCUOLA DI SCIENZE UMANISTICHE

Reassignments: automatic ranking by language areas.

Up to a maximum of 30 points will be awarded as extra points:
- Language skills: up to 5 points
- Motivation: up to 25 points

Up to 30 extra points will also be awarded for first year 5/6 year postgraduate degree students or postgraduate degree students based on the above-mentioned breakdown. Limitations and/or specific indications: students must check the reserved destinations in the “NOTE” field of Destinazioni attive per l’a.a. 2021-2022.

Students must put the following information in the “NOTE” field of each destination in their application: consistency of their own degree courses with Mobility programme, motivations, language skills (certificates only, no self-declaration).

Students must include a language certificate (in pdf) in their application, when they declare specific skills.

Dipartimento Studi Storici

The Dipartimento Studi Storici has allocated €5,000.00 in extra funding to scholarships for Erasmus students for studies in academic year 2021/2022.

This funding is reserved for students enrolled in:
- BENI CULTURALI (L-1)
- STORIA (L-42)
- ARCHEOLOGIA E STORIA ANTICA (LM-2)
- SCIENZE STORICHE (LM-84)
- STORIA DELL’ARTE (LM-89)
This funding will be allocated according to the following criteria:

1. this funding is intended for students who will have a credit coefficient that exceeded/month of at least 4 credits/month (this means validated credits) on return;
2. total funding will be calculated on the number of days actually carried out during Mobility, considering a minimum monthly allowance of €100 (for 30 days);
3. if the Department budget is not sufficient to cover all requests, the Department's Erasmus Commission will draw up an eligible candidates list based on (in order):
   a) weighted average of registered exams;
   b) credits in excess;
   c) age, privileging the youngest candidates
   d) annual household income;

Students interested in extra funding must provide recognition of credits during Mobility no later than 31/12/2022. The application form will be available on the Dipartimento Studi Storici and Degree courses web pages concerned.

SCUOLA UNIVERSITARIA INTERDIPARTIMENTALE IN SCIENZE STRATEGICHE - SUISS

According to the latest individual agreements and/or this document, SUISS destinations are reserved for students enrolled in the degrees of classes L/DS and LM/DS of the following degree programs:

- L/DS SCIENZE STRATEGICHE E DELLA SICUREZZA;
- L/DS SCIENZE STRATEGICHE;
- LM/DS SCIENZE STRATEGICHE;
- LM/DS SCIENZE STRATEGICHE E MILITARI.

UG/PG level: students must consult Destinazioni attive per l'a.a. 2021-2022 for the list of available affiliated locations and that the destination they are interested in provides levels which correspond to their own degree course (UG: undergraduate degree programs, PG: postgraduate degree programs).

Other indications:
- the A WIENER04 destination is reserved exclusively for students with EU citizenship and is part of the specific programme;
The PL WARSZAW68 and PL GDANYA03 destinations are reserved for half of the students from LM/DS Strategic and Military Sciences and half from LM/DS STRATEGIC SCIENCES. Positions which are not allocated to one category can be reassigned to the other; the F GUER01 destination is reserved exclusively for students from LM/DS Strategic and Military Sciences.

The SUISS Evaluation Committee will apply the following criteria, in the Extra Points framework (max 30 points):

- **up to 20** points for local language skills. Students must produce any certificates in their possession: skills and any valid certificates relating to local language (English all destinations).
- points for English language skills will be awarded to military students, based exclusively on the official SLEE test results, only where the test mark average is higher or equal to 26/30 (minimum grade to access the programme);
- **up to 5** points for host country language skills. Students must produce any certificates in their possession: skills and any certificates related to the local language;
- **up to 5** points for motivation.

N.B. First year *Scienze Strategiche* and *Scienze Strategiche della Sicurezza* degree program students can only take advantage of the extra points of up to 60 points, obtained by doubling the grades attributable to the criteria above.

Any available places will be reassigned based on a single eligible candidates list after having consulted eligible students (not winners) as to their preferences of destination. Places that are still free during reallocation can be assigned to SUISS students who are not in the eligible candidate list at SUISS's three Schools, based on priorities and after SUISS destinations have accepted.
