

Food Solutions 2025

JOIN OUR WEBINAR on March 10th

JOIN THE UNIVERSITY OF TURIN TEAM IN 2025!

WHO: Bachelor, Master, and PhD students of all disciplines, in an international competition between different (Pan)European universities.

WHAT: Design your business case & prototype.

WHEN: from late **March to November:**

- a kick-off event in March
- 3 plenary pitch sessions
- 4 live Entrepreneurship spine
- One to one Mentoring
- Asynchronous activities
- In presence Final Pitch Event in November

Challenge #1: Full Protein

Plant-based proteins are sustainable but often incomplete. Forget meat alternatives: **create a plant-based food with a complete amino-acid profile** that stands on its own.

Challenge #2: Circular Young

Rethink our approach to food consumption by **minimizing waste from purchasing and storage to cooking and disposal**. By developing innovative solutions that help businesses and consumers reduce food waste, students will contribute to a circular food system

FOOD SOLUTIONS PROGRAMMES BRING INDUSTRY, SCIENTISTS AND STUDENTS TOGETHER TO SOLVE GLOBAL FOOD CHALLENGES.

WHAT WILL YOU GAIN FROM THIS EXPERIENCE?

- **5 ECTS** awarded to all participants
- Up to **3.000€ prizes**
- Nurture your **skills and knowledge** of circular economy & food systems, business modelling, financial planning, product innovation and concept development and prototyping

APPLY HERE

Before the 16th of March

Co-funded by the European Union
