EU citizens:

Guests coming from EU countries can access to health care supplied by "SSN- Servizio Sanitario Nazionale" (National Health Service). They can benefit from:

- Family doctor and hospital services
- ASL located nearby the residential area

Extra-EU citizens:

You can choose between **two kind of health care coverage**:

- **Italian National Health Service** (“Servizio Sanitario Nazionale, SSN”): it offers full coverage – including the possibility to choose a family doctor- upon the payment of a €149,77 calendar year fee (that is January 1st to December 31st). You may contact the local National Health Service Unit (ASL) for information.
- **Private insurance**: upon your arrival in Italy, you can purchase one. If you need suggestions, you can ask to the Residence permit office of the University of Turin, because a health care insurance is required to apply for a residence permit.

Please refer to the UNITO website!

For further information on university procedures, deadlines and information on specific services please, check the handbook (Vademecum) and the guidelines published [here](#).

REMEMBER:

Each university hub has published a Vademecum; check it for specific information, on your [Department webpage](#).

On [Application for international students webpage](#) you can also find a general Vademecum for international students.
