Erasmus mobility is (MOST OF ALL) a life experience for those who would like to:

- enjoy an international environment
- enrich their CV
- learn one or more foreign languages

Evidence shows that the Erasmus experience is associated with an increase in cognitive cultural intelligence, transversal competencies and wish for an international career. (Deardoff, 2006).

Did you know that ..
80% of Erasmus + participants found a job within 3 months from getting their degree? 72% of them believe they found it thanks to this experience!!

Life changing experiences by students

I have been positively impressed by how quickly and easily I have learnt Spanish, which I could not speak at all before leaving [...]. Emanuela, 21 years old, Spain

I had the pleasure to host friends from different countries and backgrounds, we shared our meals and had a great time! Giorgio, 22 years old, Spain

I spent two nights at a monastery in the Carpathian Mountains with only a wood stove to keep us warm. We had to try our best to speak Romanian to communicate with the monks. An absolutely positive experience. Sofia, 21 years, Romania

Who founds the Erasmus+ Programme?
- European Commission
- Italian Ministry of University and Research
- University of Torino

Who manages the Erasmus+ Programme?
The local National Agencies are in charge of the actual management of the programme but the fundamental regulation comes from the European Commission.

How is the Erasmus + Programme regulated?
The legal basis which defines the Erasmus+ Programme is a Regulation approved by the European Parliament and Council.
Please note…!

The EU Regulation 1288/2013 which defined the previous Erasmus+ Programme 2014-2020 has expired on the 31st December 2020!

Waiting for the new regulation…

The University of Torino has decided to publish our Call 2021 (Bando Erasmus per studio a.a. 2021/2022) before the approval of the EU regulation to give our students the opportunity to participate in the Programme anyways.
Some of the contents of the Bando Erasmus per studio a.a. 2021/2022 are still awaiting confirmation following the publishing of the new EU Regulation for the new Erasmus+ Programme 2021-202

Which contents could potentially change?

- The requirements (Art. 2)
- The duration (Art. 3)
- The financial contribution (Art. 7)
The Italian National Agency Erasmus Plus INDIRE has communicated that the European Commission intends to continue applying the same ground rules, while promoting the Erasmus mobility even further!

Students that are interested in carrying out a mobility abroad within the Erasmus + for Studies Programme in the a.y. 2021/2022 are strongly advised to apply considering these further developments as well!
Countries that participate in the Erasmus+ Programme (Programme Countries):

Austria, Belgium, Bulgaria, Cyprus, Croatia, Denmark, Estonia, Finland, France, Germany, Greece, Iceland, Ireland, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, the Czech Republic, Republic of Macedonia, Romania, Slovakia, Slovenia, Spain, Sweden and Hungary

United Kingdom
Grants will be paid using UniTO funds.
More information regarding Brexit in relations to the Erasmus+ Programme available here:

Switzerland
Mobilities are organized and funded through the Swiss European Mobility Programme (SEMP) for both incoming and outgoing students.
Study in the UK

From 1st October 2021 EU/EEA students will need a passport to enter the UK and won’t be permitted to travel using an ID card. Non UK/Irish passport-holders studying in UK for more than 6 months (i.e. a full academic year) must apply for a Student visa.

**Student visa - GOV.UK (www.gov.uk)**

The current fee for a Student Visa is £348 plus an NHS health surcharge of £470 (total £818). This will provide the students with NHS access for the duration of their programme.

Non UK/Irish passport-holders studying in UK for less than 6 months (i.e. a single semester) will obtain a Standard Visitor visa. Many nationalities can receive this visa at the UK border, others will need to obtain it in advance of travel and this currently costs £95. This category of visa does not come with any NHS cover, therefore students are strongly recommended to purchase a private insurance.

**Standard Visitor visa - GOV.UK (www.gov.uk)**

Each Degree Programme is associated to one or more Departments, one of which is the Head Department.

You must apply according to the **Head Department under which your degree programme is offered**:

- **Your Department is associated to a “School”:** you can choose a destination amongst all the Departments associated to that School.
- **Your department IS NOT associated to any “School”:** you can only choose destinations offered by your Department.

Check the Table [Corsi di Studio - Dipartimenti – Scuole](#) to verify under which Department your degree programme falls.

Verify the available destinations under [destinazioni disponibili 2021/2022](#).
Bando Erasmus per studio a.a. 2021/2022
Submitting your Application

For each destination verify carefully:

- **Field of study of the bilateral agreement (ISCED):**
  Your degree programme must match with the study field of the bilateral agreement.

- **Study level during your mobility abroad (OUTGOING)**

- **Academic offer at Host University**

**NOTE:** further information/requirements you must to meet to be selected for that destination (*meta riservata, partenza primo semestre non garantita, etc.*)

**Additional requirements:** language requirements set out by the Partner University to be admitted as an exchange student.

**Application Form (to be admitted at the Host Institution):** verify the deadline and the documents you need to provide.
Bando Erasmus per studio a.a. 2021/2022
Submitting your Application

You can select up to three destination choices (unless otherwise stated in the Annex I) listed in order of preference BUT….

- choosing two/three destinations is not compulsory;
- make sure only apply to destinations that genuinely interest you. In fact, candidates can initially be placed on any of their selected destinations and not necessarily the first.

!!Attention: Graduation timeline!!
Students in Year 3 of their Bachelor degree must apply for PG positions if they want to carry out their mobility during their first year of Master degree.
ATTENTION!
Partner Institutions set yearly deadlines for receiving Erasmus students' nominations and applications. If this date is prior to the end of the UniTO selection process, starting mobility in the first semester of the academic year 2021/2022 is not guaranteed and students will have to consider spending abroad the second semester only, regardless of the number of months set out for the mobility.

You can find information on the destinations which are likely to have early nomination deadlines and might therefore limit your mobility to the second semester only by looking in the field «NOTE» on Destinazioni attive 2021/2022: “Sulla base della scadenza Nomination prevista dall’Ateneo partner, l’avvio della mobilità nel primo semestre non è garantito.”

Nevertheless, it is recommended that students verify the nomination and application deadlines directly on the Partner Institution website.
