Area Internazionalizzazione - Sezione Mobilità e Didattica Internazionale

Apply@UniTO INSTRUCTIONS FOR APPLICANTS

Before sending your online application, look for the foreign education system of reference for your high school diploma/post-secondary qualification/undergraduate degree in the table below and find the required documents to apply.

Please note that:

- You can enrol at an Italian university if you hold a qualification (high school diploma or equivalent) obtained after **12 years of global schooling**, provided that it grants access, in the foreign education system of reference, to a degree program equivalent to the Italian program candidates wish to enrol at. Moreover, these qualifications grant access to Italian universities if they have been obtained after attending **at least the last two years** in the foreign education system of reference. If you have attended the last two years in an institution belonging to a foreign education system, you also have to attach to your online application your **certificate of school subjects** (transcript) of at least the last two years, provided with a certified translation into Italian (the translation into Italian is not required if the original document is issued in English, French or Spanish).

- If you have attended a **pre-school year**, it may be included in calculating the 12 necessary years to access Italian universities if the attendance of the pre-school year was mandatory and the course program included the teaching of the native language of the country and basic arithmetic. In this case, the attendance of the pre-school year has to be mentioned and included in your online application among the uploaded documents.

- **If you hold a qualification obtained after 11 or 10 years of global schooling, please note that it does not allow access to Italian universities** unless you satisfy one of the following additional conditions:

- you attended one year (in case of 11 years) or two (in case of 10 years) years of university studies and took all the exams foreseen by the first year (in case of 11 years) or the first two years (in case of 10 years) of the degree program.

In this case, you also have to attach to your online application your **transcript of records with a certified translation into Italian** (the translation into Italian is not required if the original document is issued in English, French or Spanish);

- you obtained a post-secondary qualification to compensate for any missing years of secondary education in a subject related to the degree program you wish to enrol in.

In this case, you also have to attach to your online application your **transcript of records with a certified translation into Italian** (the translation into Italian is not required if the original document is issued in English, French or Spanish);

- you attended a preparatory program (**Foundation program**) at the University of Turin or at another Italian university, to compensate the missing year of schooling (in case of 11 years).

In this case, you also have to attach to your online application a **certificate stating that you have successfully completed the Foundation program** as well as all the exams and ECTS credits/study hours.

As an example, education systems of Iran, Azerbaijan, Brazil (for qualifications obtained before 2006), Colombia, Venezuela, Russia, Belarus, Peru, Kazakhstan, Ukraine and Costa Rica do not require 12 years of global schooling, therefore candidates have to satisfy the above additional requirements to access Italian universities.

- If a national **entrance examination** is required in your country to enrol at universities, the same exam is required for admission into Italian universities as well, therefore make sure to attach it to your online application.

- All documents uploaded in your online application are accepted in Italian, English, French or Spanish. If your documents are issued in a different language, you also have to attach a certified translation into Italian.

UNIVERSITÀ DEGLI STUDI DI TORINO

Direzione Attività Istituzionali, Programmazione, Qualità e Valutazione
Area Internazionalizzazione - Sezione Mobilità e Didattica Internazionale

- If you have not obtained your final qualification (high school diploma/post-secondary qualification/undergraduate degree) within the deadlines to send the online application through Apply@Unito, you may upload a **provisional certificate** into your application, provided that you have to hold the final qualification for the enrolment.
- If you hold an **International Baccalaureat Diploma (IB diploma)**, please carefully read the instructions on Apply@Unito homepage.
- Please be aware that **the aim of this document is to support you** in submitting a complete online application through Apply@Unito and it is a **non-exhaustive** list of the the foreign education systems and required documents that follows the yearly recommendations given by the Italian Ministry of Education, University and Research (MIUR) in the [Procedures for entry, residency and enrolment of international students and the respective recognition of qualifications for Higher Education courses in Italy](#).

Therefore, **please note that the University reserves the right to request at its sole discretion any additional document that may be necessary for evaluating your educational background.**
