The following information helps with administrative duties at the end of your Erasmus+ mobility for studies a.y. 2023/2024. It is intended for those who have won the Erasmus+ Call for studies 2023/2024, including those enrolled in doctoral and master’s courses and/or in specific projects such as the Double Degree mobility.

We generally recommend you to:

- read CAREFULLY the procedure for outgoing students on the Unito webpage Istruzioni per studenti UniTo (outgoing);
- regularly check your institutional email account for any update.

1. HOW TO CLOSE YOUR ERASMUS+ MOBILITY

Within the first month of your return to Italy you must take care of the administrative and didactic closure of your Erasmus+ mobility by handing in the related documentation to the Sezione UNITA e Mobilità Internazionale Office (internationalexchange@unito.it). If your Host University requires more time to send you the necessary documents (i.e.: Transcript of Records), then you can hand them over by email to our office as soon as they send them to you.

List of the required documents:

A. Mobility Declaration
B. Learning Agreement (LA)
C. Transcript of Records/After the mobility (ToR)
D. Certificate of thesis research and/or internship (if you carried out those activities)
E. Form for the recognition of educational activities - Modulo riconoscimento crediti 2023-2024 (DR)
F. Career Plan – Piano Carriera (PC)
G. Green Travel supporting documents, if applicable (submit them via Gform-more details on p. 2)

A. Mobility Declaration: signed and, if possible, stamped by the Host University. We ask you to check very carefully that the dates certified on the document by your Host University are correct. We remind you that the recalculation of your Erasmus+ grant will be made based on the actual dates of mobility written on this document.

N.B. The “Dichiarazione di Mobilità” form can be downloaded from the UniTo webpage “Istruzioni per studenti UniTo (outgoing)” > Istruzioni a.a. 2023-2024 > Modulistica. This form can be filled in by the Host University at the end of your mobility. It is not compulsory to use the UniTo form; if your Host University provides you with another one, we will accept it as long as it contains all the information requested by the UniTo form.

B. Learning Agreement in its final version, filled in through the UniTo online procedure, and signed and stamped in all its sections (“Before the Mobility” and “During the Mobility”, if filled in) by both the Italian supervisor and the Host University’s.

ATTENTION!

- You CANNOT sign the Learning Agreement after the end of your mobility. Please make sure that your Learning Agreement is signed by both Universities before your mobility ends;
- If at the end of the mobility your Learning Agreement is not compliant with the guidelines, this may result in the failed recognition of the educational activities carried out during your Erasmus+, as well as the loss of all the protections related to the Erasmus+ student status.
C. Transcript of Records/After Mobility: (certificate of exams passed at the Host University). If the Host university does not use the ECTS system for the credits and grades of the courses taken during the mobility, it is advisable to ask them for a conversion table of the local grades and credits into the ECTS system.

D. If you carried out a thesis research and/or an internship, this must be certified by the Host University on unstamped and signed paper. This certificate must be forwarded or sent directly to internationalexchange@unito.it by the Host University. The document must indicate the number of hours worked, a brief description of the activities and the total number of credits obtained (ECTS). However, if the thesis/internship activity is certified on the ToR, it is not necessary to ask for further certificates, unless the Department you belong to requires otherwise.

E. Form for the recognition of educational activities: you can find it on the UniTo webpage “Istruzioni per studenti UniTo (outgoing)” > Istruzioni a.a. 2023-2024 > Modulistica. It must be filled in electronically and sent by email in odt. or .doc format (no PDF) to the Sezione UNITA e Mobilità Internazionale (internationalexchange@unito.it). On this document you must write the academic activities carried out during your mobility, including the ECTS acquired, and the corresponding academic UniTo activities you are asking the recognition for.

N.B. You can only ask for the recognition of those exams/activities that have been passed and attested by the ToR and/or by the above-mentioned Certificates. All these exams/activities must have been previously agreed and therefore included in your LA.

ATTENTION! In the above-mentioned form, the last three blue columns of the table (Voto/Grade, Integrazione/Integration and *ERSTU/RIC BIN) should not be filled in, whereas the AD and SSD codes of the exams related to UniTo should be inserted. These codes can be found in the information sheet of each course on the UniTo website.

F. UniTo Career Plan that you can download in .pdf from your MyUnito.

G. Green travel supporting documents: if you opted to travel by using sustainable means of transport (e.g. train, car sharing, bus, etc.) to reach your Erasmus+ destination and/or come back to Italy, you can send a request for an additional grant. In order to get it (if due), it is necessary to send the evidence (e.g. tickets, etc.) of costs incurred for the ecological trip by filling in the following Google Form.

The grant can cover only the “green travel” expenses paid in order to reach the Erasmus+ destination at the beginning of your mobility and Italy at the end of it, within 30 calendar days from the start and end dates of your Erasmus+, as certified by the Mobility Declaration (Dichiarazione di Mobilità). “Green Travel” expenses related to occasional travels will not be considered (i.e. Christmas, Easter, weekends...).

The Sezione UNITA e Mobilità Internazionale Office may request by email additions to the documentation sent (internationalexchange@unito.it).

We remind you that, in addition to the delivery of the final documentation, it is COMPULSORY to fill in an online European Questionnaire (EU Survey). The request for completion of the questionnaire will be sent directly by the European Commission to the student’s institutional email address.

2. HOW TO SEND THE REQUIRED DOCUMENTS

Therefore, it is not necessary to anticipate any document if the documentation is not complete yet. In case of graduation, it is necessary to specify the urgency in the email and in its subject line.

After that, they will send the documents related to the academic activities to the competent offices in order for them to initiate the process of credit recognition.

On the basis of the credits actually recognised in the student’s career as activities carried out in mobility under the Erasmus+ for study programme, it will be verified whether the student who benefits from the supplementary contribution has the right to receive the remaining 30% of the Erasmus+ grant (PART B specified in the [Erasmus+ Call for studies a.y. 2023/2024](#)).

The University of Turin, in accordance with what is indicated in the [Guidelines for the recognition of didactic activities carried out in mobility](#), guarantees the academic recognition of didactic-training activities carried out in mobility, as long as they are coherent with your academic path and agreed upon in the Learning Agreement fully signed.

4. **POSSIBLE BALANCE OR REFUND OF ERASMUS SCHOLARSHIP (PART A AND/OR PART B)**

At the end of the recognition of the academic activities carried out abroad, in order to calculate the final, actual amount of the Erasmus+ scholarship due, the Sezione UNITA e Mobilità Internazionale Office will verify:
